## Bantam Division 2010

### Director:

- Games will start at 6:00 on Monday and Wednesday nights.
- Game will be six innings long. A new inning will not be started after 8:00 but inning started before 8:00 can be completed. Contact opposing coach if you need to start a little later because of travel times.
- Mercy Rule – 6 runs per inning. Game will end early if one team is up 10 or more runs after 4 innings.
- Year end tournament will be in Estevan on June 18th. Tournament games will

start on Monday, June 14 and Wednesday, June 16. More information will follow later in the year.

- Please have the winning coaches email results of games to Wendy at [wmgodfrey@sasktel.net](mailto:wmgodfrey@sasktel.net) . The game results will be posted on the [www.estevanminorbaseball.com](http://www.estevanminorbaseball.com) website.

- Please have winning coaches call CJ 1280 radio (636-6100) and leave a message with scores of the game and they will be on the radio the following morning.

- All rules are the same as SBA bantam rules other than the overage pitching and pitch count. Any teams with over age players need to note the Estevan Minor Ball rules for this year. Over age pitching can only account for only 2 innings of any one game. (Example- one pitcher for 2 innings or 2 pitchers for 1 inning each). Bantam division allows only first year overage players to pitch. Second year overage bantam players may play but are not allowed to pitch. Please note that for overage players one pitch is considered one inning.

- Pitch counts are 12 outs per game or 36 outs per tournament.

- Please note that steel cleats are allowed at bantam level. Home teams are to provide an umpire for home games. Please try to have SBA certified umpires for the games. Home teams also need to provide a base umpire, however this could just be a parent volunteer. Remember that umpires are volunteers, same as coaches, and in certain instances are still learning their trade so help them out whenever possible.

- This ball division is designed for the kids to have fun and develop friendships. They are not playing for a World Series title. You can field a team with 8 players but you can also borrow one from an opposing team. You are more than welcome to play extra games within the league or reschedule games to weekends and play double headers. The only games I will use for the standings are the games that

are scheduled.
